Education

College of Engineering, Guindy	Aug 2024 – May 2026
Master of Computer Applications (MCA)	CGPA: 6.2
The American college , Madurai	Jun 2018 - April 2021
Bachelor of Computer Science	CGPA: 7.1
Mepco schelnk matriculation Hr Secondary School, thirumangalam ,madurai	Mar-2018 HSC – 68.03%
Sainik School Amaravathinagar, udumalpet	Jun 2014- Apr 2016 SSLC – CGPA: 7.6

Technical Skills

Programming: Java, Python, SQL

Web Development: React.js, Node.js, Express.js

Problem solving : Data Stuctures and Algorithms

Databases & Tools: MongoDB, MySQL, Git/GitHub, AWS Basics

Projects

PhotoHub – Scalable Event Photo Commerce Platform

- Architected a **production-ready backend system** for an event-based photo marketplace supporting Admin, Photographer, and Customer workflows.
- Implemented **transaction-safe bulk photo purchasing** with database locking to eliminate race conditions and prevent duplicate sales under concurrent requests.
- Designed secure authentication, order lifecycle management, and scalable APIs, rigorously tested using Postman with real-world edge cases.

Anna University Estate Office Website<https://estateoffice.annauniv.edu/estateoffice>

- Built a full-stack web application to modernize the university's estate office website, replacing a legacy PHP site with a responsive and interactive interface.
- Designed and implemented key modules including Document Management (upload/view PDFs), Property Listings, and a visually cohesive theme for improved user engagement.
- Implemented dynamic routing, form handling, and database interactions to support real-time content updates.
- **Tech Stack:** React.js, Node.js, Express, MySQL

Achievements & Certifications

- The Complete Full-Stack Web Development Bootcamp
- AWSTechnical Essentials-AWS Skill Builder
- SQL(Advanced)- HackerRank
